Important Notes:

Included items are subject to change depending upon home and customer requirements. Prices are subject to change without notice. "Not Included" items can be added as Allowance Items per customer's request for loan purpose. The customer will pay for any expenses over allotted allowance at time services are complete. Permit costs are the responsibility of the customer; however we will file the permit with the city/county for you. Upgrades can be included in the total purchase price for loan purposes or paid for in cash by the customer at time of order. All house components may be substituted with other brands of equal or greater value at the sole discretion of Stanbrooke Custom Homes, Inc.
